

## Weed Dragon® Model VT2-23C 100,000 BTU Deluxe Vapor Torch Kit

Price: **\$82.00**

The WEED DRAGON® is the perfect propane torch kit for home and garden use. We've regulated the flame and BTU down for homeowners who don't need the power of a farm torch and we've even assembled it. This torch kit is still plenty powerful for lots of tough jobs all year long and generates heat up to 2,000° F. The 100,000 BTU Weed Dragon quickly hooks up to any refillable propane tank (barbeque cylinders work great) and even comes with a hand-tighten tank fitting (you don't even need a wrench). Overall length from torch bell to back of handle is 27 1/2".

### Kit includes:

Vapor Torch w/plastic grip	VT2 23
10' U.L. Listed LP Gas Hose	<a href="#">HP10</a>
Hand-Tighten U.L. Listed Excess Flow P.O.L	<a href="#">P-W795</a>
